

Mountain View Primary school: 'a dream comes through!'

In the previous CCP update we already wrote about the plans for the construction of the first CCP Primary school. Thanks to the good cooperation with the Hans and Anneke Foundation, these plans could become reality!!

The new school is located on the grounds near the family home and the kindergarten. Work is currently underway on the roof and ceilings, followed by windows and doors and plastering. The school is not only for the most vulnerable CCP kids, but also for children from the area, who currently have no other school in the area.

Together with the Technical School, this is CCP's second 'Hans & Anneke school'.

But there's more good news. The sponsor of the family home has visited CCP in Uganda and seen with his own eyes what a blessing the house is for the emergency and crisis care of children who do not have a safe home. But the Mountain View House is packed. That is why the sponsor has given the green light for the construction of a second shelter. We hope to be able to show the photos in the next update.

Christmas camp was a party!

Everyone was very happy that since the corona outbreak there was a Christmas camp again with games, singing, drama, dance and Bible stories. There were 258 children. They slept in a rented private school.

There was again a very visual teaching by the friends of the Christian Union and of course helped by our own staff members!! Thank you very much for all the financial contributions for this great Christmas gift!

The theme was: *You reap what you sow!*

Miriam's Story

Miriam (pictured) was born in 2021 as the youngest in a family of four boys and two girls. Both parents were murdered in 2021 during a brutal robbery of their home. During that robbery, Miriam, who was just a baby, was also wounded in her head, hand and leg by the cruel robbers. As a result, she now goes through life as a slightly handicapped child. Miriam lives with her aunt and is now in kindergarten at school. The aunt is poor and eats just the produce of her garden. They desperately need help. (BTW. Miriam is not the real name for privacy reasons). Miriam is waiting for a sponsor!

'turning your pocket money into goats '

Each time we are surprised by the creative actions of sponsors for the goat project. For example, children from a Dutch family saved their pocket money for a goat for their sponsor child. Children from their class joined in spontaneously. And so they saved a nice amount for two goats and some food for the families! Another sponsor celebrated her birthday and gave her birthday money to her 2 sponsor children to buy a goat and food.

Sleeping like a baby!

Every year, new children join the CCP project. They come directly from very poor situations and do not have a mattress to sleep on. Thanks to generous sponsors, we were able to surprise 70 children with new mattresses.

Boosting CCP's computercourses

Thanks to donations from various sponsors, CCP was able to purchase forty modern desktop PC's. Computer education is also becoming increasingly important in Uganda. The new students are already using them and are very happy with the new PCs.

from 29 to 33 Euro

Last time we wrote about the increased cost of living in Uganda. Just like here, everything is getting more expensive there. Fortunately, a large number of sponsors have already increased their monthly contribution to the new amount of **€33,= per month** as of January 1st. Haven't done it yet? Then you can adjust your contribution please. If you can't spend the extra €4,= at the moment, please let us know so we can look for a solution together.

The PC on which Corrie does the administration is crashed. Fortunately, there was a back-up of all emails. If we still missed something, please let us know!
Moved? New email or mobile number
Don't forget CCP!

Something to celebrate?

There are plenty of large and small CCP projects:

- Start of CCP hair fashion shop for practice students and source of income for the school (€7,500)
 - A house for a widow (€3,000). We're already building six this year!
 - Houses for the teachers at the new CCP primary school. (€10,000)
 - Set-up of a coffee corner from the catering training (€10,000)
- We are happy to provide you with presentation material for your party.*
